1-800-237-2583

California's illegally dispose of 52 million gallons of used motor oil every year, resulting in polluted water and soil.

Spin the wheel for more information

Proper disposal of all your used automotive fluids is important in protecting our natural environment. Call the Recycling Hotline above to find out where to bring not only used oil, but other harmful fluids as well.

DO

Bring used motor oil to a certified oil collection center.

DON'T

Pour oil down the drain, on the ground, or in the garbage.

IT'S A FACT
